

EDON
FIBERGLASS

WARRANTY:

In addition to the guarantee referenced in the Agreement between the Owner and the Contractor (the Contract), if any, Edon FRP products are guaranteed against defects of materials and workmanship for a period of one year from delivery of material. Additionally, all manufacturers' guarantees for materials will be passed on to subsequent owners of the products.

Consistent with industry standards, the warranty does not cover wear or fading of the product finish of either original gelcoat finish or subsequent applied finishes. This warranty does not cover the effects of improper storage or installation by the Purchaser. This warranty will apply and commence only if the Purchaser makes all payments required of it under the Contract, to the Seller, in a timely manner. Manufacturer's warranty will not cover damage to FRP products caused by structural, mechanical, electrical defects and defects of adjacent materials furnished and installed by other trades, nor any natural causality event.

Manufacturer's warranty is limited to the replacement of defective material only and does not include any costs for reinstallation. Warranty is based on installation methods in conformance with manufacturer's recommendations and instructions.
